PROFILE

Software Engineer with 3+ years of professional experience developing and maintaining web applications using C#, ASP.NET Core, ASP.NET Web API, Angular, and SQL Server. Experienced in RESTful API development, database-backed business functionality, third-party API integration, and full-stack application delivery. Contributes across the software development lifecycle, including requirements collaboration, implementation, debugging, testing, deployment, and production support.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering,
MEA Engineering College, Perinthalmanna
Cumulative GPA: 7/10
APJ Abdul Kalam Technological University
Feb 2019 - Mar 2023

WORK EXPERIENCE

Benzy Infotech Pvt. Ltd.
Software Engineer
Ajman - United Arab Emirates
May 2023 - Present

- Developed and maintained full-stack web applications using C#, ASP.NET Core, Angular, and SQL Server.
- Designed and implemented RESTful Web APIs to support application features and communication between frontend and backend components.
- Implemented backend business logic and data-access functionality using relational databases and Entity Framework Core.
- Built frontend features using Angular, TypeScript, HTML5, CSS3, and Bootstrap.
- Integrated external APIs and handled application data processing and error scenarios.
- Collaborated with cross-functional team members to clarify requirements, deliver features, debug issues, and support releases.
- Participated in testing, deployment, and production support, with attention to maintainability and application performance.

Project - Tickut
Travel Platform

- Contributed to create a travel platform focused on trip planning and booking-management functionality.
- Worked on application features as part of the development team.

Technical skills

- Programming : C#, Python, JavaScript, TypeScript, SQL
- Frontend : Angular, HTML5, CSS3, Bootstrap
- Backend & APIs : ASP.NET Core, ASP.NET Web API, .NET 8, .NET Framework, RESTful APIs, Entity Framework Core
- Databases : Microsoft SQL Server, MySQL

Certifications

- Certified Engineer in Computer Science and Engineering with First Class.
- Certificate of Completion in ASP.NET Core and C# Fundamentals.
- Certificate of Completion in Microsoft Azure Fundamentals (AZ-900).
- Certificate of Completion in Angular Basics.

Languages

- English — Professional Working Proficiency
- Malayalam — Native Proficiency
- Hindi — Basic Proficiency
